April 6, 2017

Thank you, Mr. Wharton, for sharing your support for the Friends of Rails to Trails Vancouver Island's efforts to convert rail track into a recreational trail system. On your behalf, we have shared your message with the Minister of Forests, Lands and Natural Resource Operations, for his consideration as well. Please be assured that your feedback will be included in any related discussions.

Again, thank you for taking the time to write to us, it was good to hear from you.

pc: Honourable Steve Thomson
